IV. Project Description

Background and Rationale: This section should include the following information:

- Regional Context with country overview
- Primary beneficiaries
- Importance placed by Member States on the proposed development challenge to be addressed
- Relation of the proposed projects to existing national planning and policy instruments in the relevant SAARC member states
- Contribution to fulfilling the objectives of the SAARC Charter, SAARC Social Charter, SAARC

Development Goals, SAARC Plan of Action on Poverty Alleviation, and other relevant SAARC programmes and instruments

- Description of intended activities
- Contribution to women's empowerment, and gender mainstreaming
- Potential for scaling up.

Sustainability: Briefly explain how the project aims to sustain the results in the longer term after the project's termination including description of its revenue generation model.

Justification for project implementation strategy and plan: Briefly describe the implementation strategy highlighting also the following

- Conditions that would make the proposed project strategy the most effective approach to address the development challenge
- Added value of the IP
- Previous experiences of the IPs in working in this focus area
- Regional overview of the intervention (expected results by Member States)
- Enhanced local/national capacities that will be present at the end of the project
- Measures to ensure sustainability of results

Targeted Beneficiaries: Who are the intended beneficiaries? Please, include gender sensitive indicators and information. How are their lives expected to change as a result of the project?

Coordination and Management Arrangements: Provide an overview of the coordination and management arrangements that the IPs will be put in place to facilitate quality assurance of the project, monitoring, sharing of experiences, and decision-making.

Risk Analysis: This section should describe the project's potential risks and the measures the IPs will take to mitigate the risks (Annex 1: Risk Analysis Matrix)

Monitoring and evaluation (M&E): This section should explain how the project intends to monitor and evaluate its results. It should include the following information:

- Results and Resources Framework (qualitative/quantitative; Annex 2: Combined Results and Resources Framework)
- Work plan with indicative year wise activities, targets and budgets (Annex 3: Annual Work Plan template)
- Methodology for data collection and analysis
- Indicators baselines, if available, will be highly valued
- Measures to ensure joint implementation of M&E activities
- Estimated allocation of resources for M&E
- Link to Knowledge Management and Communication and Advocacy activities

Communications, Advocacy and Knowledge Management: This section should explain how the project intends to incorporate communication, advocacy and knowledge management activities into its implementation strategy. It should also highlight how it intends to link these activities to monitoring and evaluation activities

Supporting documents to be uploaded/attached:
